

# Malibu releases penthouses

Malibu at Harbourfront

Malibu at Harbourfront, located at 600 Fleet St., will celebrate the release of their exciting Penthouse Collection 1 p.m. to 4 p.m. with music, prizes and refreshments.

People are invited to enjoy the music of Lazo and the Radikles, who will entertain visitors with their reggae beat.

Visitors will also be able to view the penthouse suite designs and explore the fully furnished model suite. The Malibu hot air balloon will

also be on hand to take people up to see what the view from their suite will be like.

On Saturday only, anyone who purchases a suite will receive up to \$15,000 in upgrades or \$7,000 cash back or two years' maintenance free. Suite prices start at \$107,900 and Malibu is offering just five per cent down.

"This is an exciting time for all of us at Malibu. Toronto has discovered the real value homes here represent," says Rony Hirsch, president

of Malibu Investments Inc. "Not only can they be part of one of the city's most lively and vibrant neighbourhoods, they can also own a home at Harbourfront for about \$50,000 less than anything comparable along Queen's Quay."

Join the party at the Malibu presentation centre at 600 Fleet St.
